Career Objective

Aspiring Software Engineer with strong expertise in Machine Learning, Generative AI, and Agentic AI systems. Passionate about building scalable AI-driven applications and automated development pipelines.

Technical Skills

- **Languages:** C, Python, Java, Matlab
- **AI/LLM:** LangChain, Generative AI, Agentic AI, Deep Learning, NLP, LLM
- **Libraries:** NumPy, Pandas, Scikit-Learn, Matplotlib
- **Database:** MySQL, SQL, FAISS, Mongo DB
- **Tools:** Stable Diffusion, Google Gemini API, Git, Automation, VS Code

Projects

AI Virtual Development Pod [\[Live Link\]](#)

Agentic AI, Python

- Built an AI system converting user prompts into production-ready applications.
- Designed Design, Coding, and Testing agents for automated SDLC workflow.
- Automated pipeline: prompt → design → code → testing → project report.

Healthbuddy — AI Healthcare Platform [\[Live Link\]](#)

Python, FastAPI, LLM, APIs

- Engineered Healthbuddy, a full-stack AI healthcare platform using React, Python, and FastAPI.
- Orchestrates specialized LLM agents and real-time search APIs for accurate insights.
- Provides evidence-based symptom analysis and personalized medical guidance.

AI-Powered Melody Voice Assistant [\[Live Link\]](#)

Python

- Collaborated within a team of three to develop a voice-driven automation assistant for executing system tasks and providing AI-driven user assistance.

Experience

IEM AMERICA — National University Of Singapore

- International technical exposure through collaborative academic programs.

Education

Institute Of Engineering & Management, Kolkata

2022–2026

B.Tech in Computer Science & Engineering — CGPA: 8.3

Khukurdaha ICMM High School (WBCHSE)

2022

Higher Secondary Education (12th) — 80.6%

Khukurdaha ICMM High School (WBBSE)

2020

Secondary Education (10th) — 82.4%

Achievements

- LinkedIn Learning Certification — Programming Foundations: Inside Computing Hardware
- Languages: Bengali, English, Hindi
- 200+ questions solved in Leetcode

Interests

- Painting, Cricket, Reading, AI Research, Problem Solving, Leadership, Team Management, Adaptability, Self-learning
